

AMBITIOUS G20 CLIMATE ACTION THROUGH COUNTRY COMPARISON

Our global partnership examines G20 country climate action – we inform policymakers and stimulate national debate

WE RAISE CLIMATE AMBITION IN G20 COUNTRIES

20

MAJOR
ECONOMIES

With 4,7 billion people, 85% of global GDP and being responsible for 80% of global CO₂ emissions G20 economies play a decisive role in reaching the goals of the Paris Agreement.

14

PARTNERS

Our global partnership brings together experts from research organisations and NGOs in the majority of the G20 countries, who together examine climate action.

>80

INDICATORS

Over 80 indicators in the areas of mitigation, adaptation and finance enhance transparency and compare G20 countries to stimulate a race to the top in ambitious climate action.

WE INFORM POLICY MAKERS AND STIMULATE NATIONAL DEBATES

We show governments how countries compare, incl. to G20 averages and 1.5°C benchmarks

G20

We initiate cross-country dialogs, facilitate peer learning and identify opportunities for establishing transformative partnerships

ANALYSE

We build capacities on coal phase-out, energy transition, transport and other policy areas through policy papers and workshops

INFORM

We provide easy-to-use, comprehensive and concise information

We engage with government, civil society, business and the media

COMPREHENSIVE, CONCISE AND COMPARABLE INFORMATION

BROWN TO GREEN REPORT

Our Brown to Green Report consists of a summary report and 20 country profiles. It is the most comprehensive yet concise annual review of climate action of G20 countries.

“ Global emissions need to peak in 2020. The *Brown to Green Report* provides us with an independent stocktake, where we stand now. This is valuable information for countries, when they declare their contributions in 2020.

Christiana Figueres
Former Executive Secretary, UNFCCC (2010–2015) and Convenor, Mission 2020

”

Our national policy papers provide background and recommendations on how to advance ambitious climate action on the ground.

POLICY PAPERS

In 2018, they covered the issue of coal transition in India, Indonesia and South Africa and provided recommendations for the energy transition in Argentina, Brazil and Mexico.

FOCUS REPORTS

CNN, the Guardian, Spiegel Online, infobae, The Financial Express and many others covered our Brown to Green Report 2018. Our report resulted in more than 900 stories in 36 countries.

MEDIA OUTREACH

Ahead of the G20 summits Focus Reports provide additional analysis and recommendations for sectors and international processes.
